Almond Cookies

Yield: 30–40 cookies · Active 30 min · Total 2½ h (includes chilling)

Ingredients

Cookie Dough

Ingredient	Amount
Almond flour	150 g
Unsalted butter	227 g
All-purpose flour	220 g
Sugar	175–200 g
Salt	½ tsp
Baking soda	½ tsp
Almond extract	1 tsp

Egg Wash

Ingredient	Amount
Egg	1
Salt	¼ tsp

Food Colouring *(optional)*

Ingredient	Amount
Red food dye	1 drop
Cooking wine or spirits	½ tbsp

Procedure

1. Weigh and sift all dry ingredients into a mixing bowl.
2. Melt butter slightly. Beat egg separately, then combine both with dry ingredients by hand or stand mixer for 2–3 minutes until dough appears slightly fluffy.
3. Refrigerate dough for 1–2 hours, or until firm.
4. Preheat oven to 325 °F / 165 °C.
5. Roll chilled dough to 1 inch thickness. Cut into 1-inch cubes and roll into balls.
6. Place balls on a parchment-lined baking tray and press lightly with a fork to texture the surface.
7. Brush cookies with egg wash.
8. (*Optional*) Dissolve red food dye in cooking wine or spirits. Dab one small dot onto the centre of each cookie.
9. Bake 15–17 minutes at 325 °F / 165 °C until golden brown.

Notes - Sugar: 200 g gives a standard result; 175 g produces a lighter sweetness. Do not go below 175 g. - Step 8 is purely aesthetic and can be omitted without affecting the recipe.
